

# Golden IPA

**In the image of an English IPA, Legend Golden is a big, full-bodied brew with the perfect balance between malty sweetness and hop bitterness. Years ago, as an experimental brew, this underdog of a beer found its way into the hearts of Legend patrons and became a cult classic in Richmond. This strong ale sports a rich gold color, an aroma of sweet malt and clean hops, and an earthy, fruity flavor.**

**7.6% alc by vol.**
