

Legend Pilsner

Pilsner is the most imitated style of beer in the world. Prior to the 1840's all beers were dark and cloudy. In 1842 a new brewery in Pilsen, Bohemia introduced a brew that was golden and clear. Our version has a deep gold color and a firm malt background. The emphasis is on the assertive hopping with Hallertau and Sterling varieties. Expect a beer that is substantial in body while finishing with a crisp dryness. Spicy and floral hop flavors are evident throughout.
